Mosaic-free Lilies for Fall Planting

Plant clean, healthy stock free of the insidious mosaic which has accounted for most of your past failures with Lilies. Horsford’s healthy bulbs will guarantee your success. Recent discoveries by scientists show mosaic as the greatest contributor to all losses in Hardy Lilies.

We can offer the following varieties in healthy stock and we give complete cultural directions with every order.

Henryi. Given heights will vary with soil and growing conditions, but we’ve honestly seen this Lily 9 feet high. Very easy to grow, too. Graceful sprays of brilliant apricot-yellow. August, September. 75c each, $7.50 per doz.

Pride of Charlotte. This stately offspring of L. sargentiae is more rugged than its parent. Long, white funnel-shaped flowers with yellow throat and sometimes marked externally a deep reddish brown. 3 to 4 ft. July. 80c each, $8.00 per doz. Large bulbs $1.00 each.

Regale. A truly Regal beauty, and the best behaved queen of the lot. Parade her before a royal curtain of Delphinium to show her off to best advantage. White, slightly suffused with pink, shading to beautiful shade of canary-yellow at the throat. July. 3 to 5 ft. 75c each, $7.50 per doz.

Superbium. America’s handsomest native Lily, in our opinion, with its immense, pyramidal cluster of blooms right up high where you can admire them. Brilliant orange-red shading to yellow and spotted with brown. July. 4 to 6 feet. 35c each, $3.50 per doz.

Tenuifolium. A small slender growing lily, not more than eighteen inches tall, with bright scarlet flowers and recurved petals. One of the prettiest little lilies in cultivation. Early June. 12 to 18 in. 25c each, $2.50 per doz.

Tenuifolium. Var. Golden Gleam. A fine type of L. tenuifolium with flowers of a beautiful apricot shade. A free and vigorous grower. 30c each, $3.00 per doz.

Tenuifolium. Var. Red Star. New. Outstanding red flowers of great brilliance. 35c each, $3.50 per doz.

Tigrinum. Var. Splendens. By far the best form of Tiger Lily we have had. It is taller, with handsome, large flowers and a much healthier plant. 45c each, $4.50 per doz.

Pride of Charlotte

Amabile. A rare Korean of interesting shape. Grenadine-red, freely spotted black. July. 3 to 4 ft. 40c each, $4.00 per doz.

Callosum. Flowers unspotted orange red and Turkscap-shaped. Height, 2 to 3 ft. August-September. 30c each, $3.00 per doz.

Canadense. We’re sorry we can’t guarantee the color of this wild Lily, but everything else about it is all right. May be a brick-red, or a clear golden yellow. June, July. 2 to 3 ft. 15c each, $1.50 per doz.

Centifolium. This variety is called a giant among lilies, with long, trumpet-shaped white flowers, streaked outside with brown and flushed inside with yellow at the base of the trumpet. July. Strong, flowering size bulbs, $1.00 each.

Concolor. Handsome little variety only 18 in. high with striking upright star-shaped flowers of a deep crimson shade with darker spots. It will stand full sun, lime soil and is suitable for rockeries. Base rooting and is best set only 4 in. deep. June-July. 40c each, $4.00 per doz.

Davidii. A very vigorous and dependable Lily of Turk’s Cap type. Numerous red flowers. July-August. 4 to 6 ft. 80c each. $8.00 per doz.

Hansonii. Its nodding flowers, with their thick waxen petals, will bring you their delicate fragrance; the earliest of all lilies. Six to ten reddish orange blooms in a cluster. June. 3 to 4 ft. 60c each, $6.00 per doz.
Get Full Bloom a Whole Year Sooner
Save from 25 to 50 Per Cent — with Fall Planting

The plants listed in this folder are the very same ones we will be shipping next Spring (with the exception of the Peonies and Spring bulbs, which must be planted now). In your garden through the Fall and over the Winter they can be storing up energy, spreading out their roots, getting firmly established, ready to pay you extra dividends of bloom and fragrance as a result.

Summer and Fall are ideal for planting, too, because you can plan for your garden with it spread out before you in full growth. There’s no question of “remembering” what you need—you can actually see the holes that need filling or the pictures that need completing.

**FALL PRICES ARE LOWER**

We offer many collections in the Fall at prices that can save many dollars in building or maintaining your garden. It is not simply that digging the plants is easier and better—everything about Fall shipping saves us money.

The season is longer, we are not so rushed. It is actually easier to ship. Our stock is usually complete on all varieties. Frequently we have a surplus of some varieties that we offer at extra-special savings. (See the prices on our Peony Collections this year.)

We reflect all those savings in the prices in this list. And this year we believe prices are lower for our plants and bulbs than we will be able to make them for many years to come.

**THIS FALL SUPPLEMENT**

This Fall Supplement is not a full list of our stock. It is designed to call your attention to such plants and bulbs as are best set in autumn.

**ALL PRICES ARE NET**

Peonies, and all Collections must be shipped Express Collect. On all other plants or bulbs we will prepay postage or express, as you prefer, if 10 per cent is added to the price of the plants and bulbs in your order. Add 20 per cent for points west of the Mississippi. This covers both shipping cost and special packing. If no shipping method is specified, we will ship Express Collect.

---

**Perennial beauty comes with Perennials**

**TWO REGAL PERENNIAL COLLECTIONS OF RARE VALUE**

Fall is the ideal time to plant perennials. In late August or early September, the Spring-and-Summer-blooming plants are making root-growth for next year’s flowering. These two selections are true “pictures,” chosen for their range of color, height, and form. Bought singly, they would be 50 per cent more expensive. No substitutions, please, at these special prices.

**EARLY-BLOOMING COLLECTION**

Aquilegia, mixed colors
Mertensia virginica
Delphinium chenense
Dictamnus rubra
Digitalis ambigua
Doronicum plantagineum (excelsum)
Hemerocallis flava
Papaver nudicaule
Lupinus, mixed
Lychnis chalcedonica
Pyrethrum hybridum
Trollius europaeus

**SUMMER-BLOOMING COLLECTION**

Achillea ptarmica, Perry’s
Liatris pycnostachya
Shasta Daisy
Coreopsis lanceolata
Echinacea purpurea
Gaillardia grandiflora
Hemerocallis thunbergi
Seabiosa caesicaea
Oenothera missouriensis
Phlox, Daily Sketch
Phlox, Europa
Iris kaempferi, mixed

**36 HARDY PLANTS**

(3 each of above varieties) $8.50
Value $11.50

**PROTECTING PLANTS**

A little protection is essential for nearly all the hardy plants in winter; not a protection so much against frost, for this is natural to them, but a protection against mild winter weather. Plants that are hardy enough for the severest winter weather may be killed by alternate freezing and thawing. Nature often provides protection in the dead foliage falling about the plant but we should protect them with three or four inches of marsh hay or straw put on in early November, with a little brush to prevent this covering being blown off.
REGAL PEONIES Ready to Grow and Bloom for You Next June

Somehow the idea has gained acceptance that Peonies require a lot of special care, a thought that always amazes us when we hear it. True, they don't like fresh manure around their roots, and they are particular about how deep you plant them, but beyond that their smash of bloom is ready for anyone willing to give them an ordinary Winter “blanket,” and their fair share of fertilizer.

A lot of trouble probably comes from the use of tiny divisions instead of full-grown plants (at least a year old), such as our Regal Peonies are. And, certainly, no other plant can give such masses of brilliant green and such smashes of whites, pinks, and reds to repay you for the comparatively little care they require. Full, yet simple, instructions accompany every shipment of Regal Peonies.

Oriental Poppies

The Oriental Poppies form a striking set of perennial plants. Their immense blooms and their striking colors make a wonderful display. The following varieties can be supplied in field-grown plants dormant in August and September. They require almost no care, are completely hardy, and usually “steal the show” for two weeks in June.

Thirty-Three IRIS Selected for Your Garden

There are literally thousands of Iris varieties grown today. Many of them vary so slightly that none but the veriest professional can distinguish between them. We cannot grow them all, and we make no pretense of attempting to grow more than a truly representative list of types.

This is our selection of the best of each color pattern. Many of them may be purchased at a considerable saving in a collection.

**REGAL IRIS**

**Give You Color, Variety**

There's a whole rainbow of color in the collections below. Just keep their feet dry (good drainage) and this selection of Iris and the more extensive list on this page will assure you of just about any Spring color-scheme you wish. If you are an "Iris fan," you may want other combinations than these, which have been selected for their universal popularity and harmonious blending of colors.

**Victory Collection**

We offer a collection of this type each year. It contains the best of the newer varieties.

1 Regency Rose
1 Blue Triumph
1 Gudrun
1 Miss California
1 Indian Hills
1 Matula
1 Royal Coach
1 Wm. A. Setchell

**Name** | **Color** | **Each** | **Diz.**
--- | --- | --- | ---
Blue Triumph | Pale blue | $0.50 | 2.50
Castalia | True blue | $0.25 | 2.50

16 FINE ROOTS (VALUE $4.30) $3.00

**Russell Lupines**

The Russell Lupines we had in flower here at our nursery this year proved to be a sensation. There are creamy shades, amber, coppery orange and almost canary yellow, mingled with bronze, bright rose, terra-cotta, slate and lavender blue. Some are distinctly bi-colored, having wings or standards of one solid color and keel of another, in some the whole flower is suffused and overlaid with a glossy sheen of rose, or copper over a groundwork of pale yellow or amber.

50c each, 3 for $1.25, $5.00 per doz.

**Delphinium Pacific Hybrids**

This strain of Hybrid Delphinium has proved outstanding with us. Heavy, compact growth, large individual flowers in long dense spikes. Colors range from pink shades to deep blue and are mostly double. 50c each, 3 for $1.25, $5.00 per doz.
Three Peony Collections at about One-Half Price

Our Peonies were gorgeous this year, great smashing masses of colorful bloom that almost made one’s eyes ache with their brilliance in the full sun. We took orders for hundreds of plants during the blooming season.

These collections have been Fall “favorites” for many years (by name). Each year we bring them up to date, discarding and adding a few varieties where the change will increase their value. (See Peony list for descriptions.)

Collection Superb

Choice varieties. Each Regal plant can be a high-spot in your garden. (See descriptions inside.)

| 1 | Victoire de la Marne  |
| 1 | Kelway’s Glorious     |
| 1 | Primevera             |
| 1 | Philippe Rivoire      |
| 1 | Therese               |
| 1 | Martha Bulloch        |

Choice Peony Roots for $8.50 (VALUE $11.50)

Everyman’s Collection

Selected to give long blooming period, color-range, and economy.

| 1 | Tourangelle           |
| 1 | Winnifred Domme       |
| 1 | Marie Jaquin          |
| 1 | Felix Crousse         |
| 1 | Mons. Jules Elie      |
| 1 | Baroneess Schroeder   |

Choice Peony Roots for $4.50 (VALUE $6.00)

Bargain Collection

Our stock is a little over-balanced on these varieties, and we’re willing to make this sacrifice price this Fall.

| 2 | Victor Lemoine        |
| 2 | Gismonda              |
| 2 | Alsace Lorraine        |
| 2 | Triomphe de Lille     |
| 2 | Arlequin              |
| 2 | Lord Kitchener        |

Choice Peonies for $4.50 (VALUE $9.90)

OWN-ROOT LILACS will bloom next Spring

And they are so different from the common Lilac (*Syringa vulgaris*). Flowers are both double and single, colors are interesting, and the shrub doesn’t get out of control. Try these five. The prices are a “give away” for own-root plants.

- Charles X. Single; reddish purple.
- Mme. Casimir-Perier. Double; white.
- Belle de Nancy. Double; pink.
- President Poincare. Double; deep pink; reddish purple buds.
- Pascal. Single mauve.

Single plants, 2 to 3 ft., $1.00 each 3 to 4 ft., $1.50 each

COLLECTION: One each 3 to 4 ft. plants $6.50 of above varieties 2 to 3 ft. plants $4.50

Other Standard Varieties Now Available in Own-root Stock

- Bleunetre. Single; wedgewood blue.
- Georges Billaire. Double; dark wine red.
- Hippolyte Marieger. Double; violet-blue.
- Hugo Koster. Single; reddish blue.
- Lamartine. Single; mauve-pink.
- Rene Jarry des Loges. Double; blush-purple.
- Vestale. Single; white.

Any of the eight last named varieties in 18 to 24 inch plants at 60 cts. each, 2 to 3 ft. plants at $1.00 each. Also a few available in 3 to 4 ft. size at $1.50 each.
HEMEROCALLIS
The Dependable Perennial

The new improved Hemerocallis (Daylilies) are among the most satisfactory of the more easily grown perennials and by using different varieties a long succession of bloom may be obtained in the garden.

NEW GIANT HEMEROCALLIS

Bagdad. Rich brown red tones. June-July. 4 ft. $1.00 each.
Cinnabar. Light bronzy red suffused with gold. June. 2½ ft. 50¢ each.
Dauntless. Pale cadmium yellow, greenish throat, fulvous touch on each petal. July. 2½ ft. $1.00 each.
Hyperion. Immense pale yellow flowers. July-August. 3½ ft. 75¢ each.
Rajah. Delicate orange, eye zone of garnet brown. June-July. $1.00 each.
Woodlot Gold. Tall variety blooming in July and August. Flowers of soft gold. $1.00 each.
Collection of one each of above varieties $4.50.

SPECIAL HYBRID HEMEROCALLIS

Amaryllis. A tall variety with medium light yellow flowers, wide open and large. July. 50¢ each.
Bay State. A stately tall pure deep yellow of fine form. Blooms mid-July. 3½ to 4 ft. 75¢ each, three for 90 cts.
Latest. Large clear yellow flowers providing a wealth of bloom in August. 3½ ft. each, three for 90 cts, 50¢ per dozen.
Margaret Perry. Brilliant orange red lined soft yellow. July-August. 3½ ft. each, three for 90 cts., 50¢ per dozen.
Mikado. Large, rich orange flowers marked with purplered. June-July. 2½ ft. 75¢ each, three for 90 cts.
Collection of three each of special Hybrid Hemerocallis (fifteen plants in all), $3.75. (Value $5.10.)

EASY-TO-GROW FERNS

For Moist, Shady Places

The wealth of plants which will flourish in moist, shady places is embarrassing. Ferns are no exception. Choose those of relatively low stature, among which to mingle blooming plants such as bog orchids.

6 Adiantum pedatum. 1-1½ ft.
6 Aspidium cristatum. 1 ft.
6 Polystichum acrostichoides. 1 ft.
6 Aspidium spinulosum. 1½-2 ft.
6 Aspidium marginale. 1½-2 ft.
6 Asplenium acrostichoides. 3½ ft.
6 Asplenium felix-femina. 1-3 ft.
6 Phegopteris hexagonoptera. 1 ft.
6 Asplenium angustifolium. 2-3 ft.

54 Ferns for $5.00

PHLOX

HARDY PHLOX

Phlox are the most dependable and showy of the mid-summer perennials. Our list contains some of the newer introductions.

Annie Cook. Flesh pink.
Daily Sketch. Rose and salmon.
Enchantress. Bright salmon.
Europa. White, red band.
Hans Volmuller. Soft lavender.
Peach Blow. Appleblossom-pink.
Prof. Virchow. Orange and carmine.
Sir Edwin Landseer. Bright crimson.
Von Hoehburg. Brilliant red.
Von Lassburg. Pure white.

Any of the above 35¢ each, three for 90¢. $3.00 per doz. Collection of three each of any eight varieties (twenty-four plants in all), $5.50.
